

Join Us On a Journey Through Jewish History

Intriguing, Engaging, Inspiring
Adult Jewish Learning

“Rise of the Rabbis” Beginning January 3rd, 2019

Join our community of learners as we explore the turbulent period of Jewish history that led to the Rise of the Rabbis and the innovations of Rabbinic Judaism, which continues to inform Jewish life today.

Enjoy engaging in-person sessions combined with outstanding online lectures taught by dynamic scholars and explore:

- The impact of the post-biblical experiences of exile and return on Jewish practice and belief
- The daring and imaginative ways that the rabbis interpreted the Hebrew Bible
- The structure and development of rabbinic literature and its impact on Jewish life over the millennia
- The multiplicity of voices that shape rabbinic discourse – legal, narrative, and interpretative.
- The wide-range of subjects covered in rabbinic texts – from sacred practices to concerns of daily life; from laws on damages and inheritance rights to issues of human dignity and views on sex and gender.

Facilitated by Rabbi Tiferet Berenbaum
